

|                     |                                  |
|---------------------|----------------------------------|
| Frequency RangeMHz  | 850Mhz/1900Mhz or 900MHz/1800Mhz |
| BandwidthMHz        | 90/280                           |
| VSWR                | ≤1.5                             |
| GaindB              | 3.5                              |
| Max Input powerW    | 60                               |
| Input ImpedanceΩ    | 50                               |
| Polarization Type   | Vertical                         |
| Antenna Lengthmm    | 110±1                            |
| Cable Lengthmm      | 2500                             |
| Cable Type          | RG174                            |
| Connector Type      | FME Straight Female etc.         |
| Mounting            | Magnetic                         |
| Housing             | Black                            |
| Storage Temperature | -45 to +75                       |
